

# CHARTER RADIOLOGY MEET DR. DAISY UPPAL

PATIENT CARE IS MY RELIGION. IT DOES NOT END AT 5:00 OR ON WEEKENDS. I'M AVAILABLE FOR MY REFERRING PHYSICIANS AND PATIENTS 24/7. PEOPLE WANT GREAT MEDICAL CARE FROM A DOCTOR WHO WOULDN'T TREAT STRANGERS ANY DIFFERENTLY THAN SHE WOULD TREAT HER OWN FAMILY. THAT'S WHAT WE DELIVER AT CHARTER RADIOLOGY.

Arvinder "Daisy" Uppal, M.D., wears many hats at Charter Radiology: founder, chief executive officer, radiologist, patient advocate, teacher, and leader. Dr. Uppal opened Charter Radiology in 2014, building the practice from the ground up so that there would be no compromise in quality.

Dr. Uppal received her medical degree from Albany Medical College and completed a radiology fellowship at The Johns Hopkins Hospital. During her medical training, she was the recipient of two prestigious research awards and has authored numerous articles and presentations on advancements in radiology. She has a reputation for meticulousness in her interpretations, and is highly regarded by referring physicians and patients alike as a doctor who values and delivers the most personalized care.

Dr. Uppal's commitment to quality shows in Charter Radiology's array of state-of-the-art imaging technology including 3 Tesla wide bore scanners, which are the gold standard in imaging. She has also assembled a team of highly trained radiologists and technologists to complement her own radiologic expertise, offering an unparalleled patient experience. In addition, Dr. Uppal has been consistently recognized as a "Top Doctor" by *Baltimore* magazine because of her commitment to radiologic excellence and compassionate care.
